The parents' 2009 tax return or other information you submitted indicates dividend income was earned in 2009. Your Free Application for Federal Student Aid either does not list an investment asset value or the amount listed does not appear sufficient to have earned the amount of dividend income reported.

Please enter the following information:

1. Please enter the value of the assets (stocks, bonds, etc.) which earned dividend income. (Do not include insurance policies.) \$ \_\_\_\_\_
2. If the assets which earned the dividend income were reduced in value before the Financial Aid Form was completed, please briefly explain (e.g. stocks sold, proceeds used to pay debts).
