Non-CACREP-Accredited Programs

The MAC program, located in the School of Arts and Sciences has a non- CACREP accredited counseling program in its academic unit. We are currently aligning our Professional School Counseling program and Addiction Counseling program with CACREP standards. We will be applying for CACREP-accreditation in the near future.

MAC Advocacy Involvement

The MAC program established Chi Sigma Iota (Epsilon Beta Alpha) last year, and thus our involvement in CACREP Advocacy Week was fairly limited this year. However, we successfully advocated for our university to become a Safe Place Site (Spd.SafePlace.com) this summer.
